Re: D.T.E. 01-31 – Alternative Regulation

Dear Ms. Foley:

Enclosed is a copy of Verizon Massachusetts' Supplemental Reply to ATT, Set 2, Item No. 8 that the Company considers proprietary. The response is provided as a result of various telephone conversations with Jay Gruber, counsel for AT&T. While we do not agree that the initial reply was incomplete or inadequate, as suggested in Mr. Gruber's November 1, 2001, letter, in the spirit of further cooperation Verizon MA agreed to provide an additional response that included, among other things, records associated with a statewide list of telephone numbers in the E911 database attributable to AT&T. The size of the file responsive to the request is 87 Mbytes. Because of the voluminous nature of the request, the file is provided on CD-ROM.

In accordance with Department practice, the Company requests that the proprietary data be treated confidentially by the Department and not placed on the public record. I understand from Mr. Gruber that AT&T will file a motion for confidential treatment of the pertinent data.

Thank you for your assistance in this matter.

Very truly yours,

Victor D. Del Vecchio
